Business Leadership Certificate (BLC)

- **The Business Leadership Certificate** is designed to bring Business Leaders and Executives up to date in the key Business competencies of our time.
- Participants will gain insights into management practices, business impact on their roles and models, and the opportunities and challenges it presents.
- The masterclasses foster active engagement in business conversations and development, enabling leaders to offer valuable advice and feedback to peers, while building strong business capabilities and staying at the forefront of business developments.
- Mastering key business competencies is crucial for boardroom success, enabling executives to navigate profit and loss, make informed decisions, and drive sustainable growth in today's dynamic corporate landscape. These essential areas of expertise will be covered comprehensively through our four masterclasses:

- Earn your Business Leadership Certificate by completing any three of the engaging Masterclasses listed above.
- Alternatively, you can choose to attend each Masterclass individually. Each Masterclass awards 6 CPD points and completing all four will earn you a total of 24 points.
